

ZEST Anchors Introduces A Larger Size For Its Popular CHAIRSIDE® Attachment Processing Material

Escondido, CA – (October 5, 2015) – ZEST Anchors introduced today a larger 18ml cartridge size to its popular CHAIRSIDE Attachment Processing Material product line allowing for more options to suit clinicians practice needs.

The success of CHAIRSIDE Attachment Processing Material, launched more than a year ago, reinforced that dental professionals were waiting for a new and unique pick-up material designed for ease of use and predictability when picking up attachments into full and partial overdentures using either chairside or laboratory procedures.

This success and continued feedback has led ZEST to introduce a larger 18ml size ideal for full arch, fixed provisional prostheses utilizing immediate load protocols such as DIEM® 2 or All-On-4®.

For more information about the CHAIRSIDE Attachment Processing Material larger 18ml size, please visit www.zestanchors.com or call ZEST Anchors Customer Service at 800-262-2310.

About ZEST Anchors, LLC

ZEST Anchors is a global leader in the manufacturing and distribution of dental solutions for the treatment of edentulous patients. ZEST's impressive 40 year history has led to product solutions that have enhanced the outcomes for both clinicians and patients alike. ZEST Anchors has received worldwide acclaim for pioneering the pivoting and self-aligning design of the LOCATOR Attachment System and continues its innovative path by consistently introducing new products, giving clinicians the tools to provide world-class overdenture therapy to their patients. ZEST's most recent product innovations include: the LOCATOR Overdenture Implant (LODI) System – the first of its kind narrow diameter implant system with a detachable LOCATOR Abutment; the CHAIRSIDE® Product Portfolio - dental tools and materials that provide an end-to-end solution for implant-retained overdenture modification and processing; and most recently, The SATURNO™ Narrow Diameter Implant System – a unique one-piece narrow diameter o-ball implant that has a 20° O-Ball Implant option and features patented, pivoting O- Ring technology. ZEST Anchors is located in Escondido, California and has global distribution through OEM implant companies, distributor networks, and a domestic retail sales operation.
