

New CHAIRSIDE Soft Reline Material – When Patient Comfort Is Paramount

Escondido, CA – (April 18, 2016) – ZEST Anchors introduced today CHAIRSIDE Soft Reline Material - A patient friendly, easy to handle & long lasting material for relining dentures.

Immediate dentures following extractions, surgery or implant procedures could be uncomfortable for your patient – until now. CHAIRSIDE Soft Reline Material is a soft, silicone based reline material for patients that require relief for full and partial maxillary and mandibular dentures. Ideal for immediate dentures following surgical procedures, CHAIRSIDE Soft Reline Material is the material of choice when patient comfort is paramount.

CHAIRSIDE Soft Reline Material provides:

- **Patient Comfort** - Silicone based material is tasteless, odorless and provides a secure long-lasting smooth finish that prevents contamination and odor. Soft silicone material is comfortable and does not harden over time.
- **Easy Handling** - Auto dispensing cartridge uses up to 40% less material*, allows for quick material preparation and has an efficient working time.
- **Long Lasting Results** - Strong denture adhesion and high tear strength provide a reline with long lasting stain resistance for wear up to 18 months.

For more information about CHAIRSIDE Soft Reline Material, or to find out about special promotional offers, please visit www.zestanchors.com or call ZEST Anchors Customer Service at 800-262-2310.

About ZEST Anchors, LLC

ZEST Anchors is a global leader in the manufacturing and distribution of dental solutions for the treatment of edentulous patients. ZEST's impressive 40 year history has led to product solutions that have enhanced the outcomes for both clinicians and patients alike. ZEST Anchors has received worldwide acclaim for pioneering the pivoting and self-aligning design of the LOCATOR Attachment System and continues its innovative path by consistently introducing new products, giving clinicians the tools to provide world-class overdenture therapy to their patients. ZEST's most recent product innovations include: the LOCATOR Overdenture Implant (LODI) System – the first of its kind narrow diameter implant system with a detachable LOCATOR Abutment; the CHAIRSIDE® Product Portfolio - dental tools and materials that provide an end-to-end solution for implant-retained overdenture modification and processing; and most recently, The SATURNO™ Narrow Diameter Implant System – a unique one-piece narrow diameter o-ball implant that has a 20° O-Ball Implant option and features patented, pivoting O- Ring technology. ZEST Anchors is located in Escondido, California and has global distribution through OEM implant companies, distributor networks, and a domestic retail sales operation.
